

There's No Substitute for a PWP Pole!

For many years PWP Poles have been recognized for their durability and strength. Now PWP poles are available directly from the source! We peel our own poles and keep a huge inventory on hand.

- Buy direct and save!
- Time-tested durability
- Traditional Penta treated, creosote or low environmental impact copper naphthenate poles
- Distribution & transmission poles (up to 160'!)
- Third party inspection program
- Renewable resource
- Truck & rail delivery
